Presents:

Stuart Josell, DMD, MS

*Chair, Department of Orthodontics,
Baltimore College of Dental Surgery, University of Maryland Dental School
Director, Advanced Specialty Education Program in Orthodontics*

Recent Advances in the Evaluation and Management of Orthodontic Patients

This presentation will highlight some of the technologies currently being utilized in orthodontics to evaluate and treat a variety of orthodontic problems. The material will include digital technologies, TAD's ("temporary anchorage devices"), and an overview of Invisalign[®] treatment.

Dr. Stuart Josell is a fulltime faculty member at the Baltimore College of Dental Surgery, University of Maryland Dental School. Dr. Josell received his DMD degree from Fairleigh Dickinson University and his Certificate in Pediatric Dentistry and Master of Dental Science Degree from the University of Connecticut. He later received his certificate in Orthodontics from the Baltimore College of Dental Surgery, University of Maryland-Baltimore, Dental School. Dr. Josell is Board Certified in Orthodontics. He teaches in both the pre-doctoral and postgraduate programs and is a member of the group faculty practice, UMFDSP associates.
